Chapelfield Primary School Reading Spine- Foundation- Cycle B

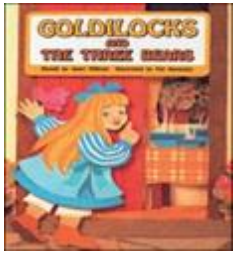

This document outlines the core bank of texts and rhymes which pupils in Foundation Stage will be exposed to throughout the year. We introduce the 5-a-day approach. 5 books or nursery rhymes from this extensive list are introduced on a weekly/fortnightly cycle (depending on the books selected). One of these will always be a **familiar favourite** which they have read frequently and exposed to regularly in the Autumn term, one or two may link to a topic, the children's interests or a book we have read and enjoyed at our termly library visit. The rest will encompass specific learning objectives linked to the wider curriculum and ensure we expose the children to a mixture of non-fiction, fiction, poetry, pattern and repeated refrains. We aim to read these 5 texts daily and from the point of them being familiar, children have access to these in class libraries. We may add additional books from time to time depending on pupils' interests, current affairs, celebrations and such like.
